

# Lesson 4 Supplementary Materials

**Java's API Specification** (<http://docs.oracle.com/javase/8/docs/api/>)

<http://docs.oracle.com/javase/8/docs/api/>

Here's where Oracle lists all the packages and classes that are part of Java. Be sure to bookmark this site for future reference!

---

**Java Generics Tutorial** (<http://docs.oracle.com/javase/tutorial/java/generics/index.html>)

<http://docs.oracle.com/javase/tutorial/java/generics/index.html>

This is Oracle's tutorial on generics, written by Gilad Bracha, one of the coauthors of the Java Language Specification and a former Distinguished Engineer at Sun Microsystems.

---

**Inheritance (extends) in Java** (<https://youtu.be/ePFWoOnyYHc>)

<https://youtu.be/ePFWoOnyYHc>

Here is a video tutorial on Java inheritance. Remember, you can search YouTube for Java tutorials on any subject in this course for additional information.

---

**Java Inheritance Tutorial** (<http://docs.oracle.com/javase/tutorial/java/concepts/inheritance.html>)

<http://docs.oracle.com/javase/tutorial/java/concepts/inheritance.html>

Want to know more about inheritance? Here's a tutorial from Oracle.

---

**Java Interface Tutorial** (<http://docs.oracle.com/javase/tutorial/java/concepts/interface.html>)

<http://docs.oracle.com/javase/tutorial/java/concepts/interface.html>

If
