Lesson 4 Supplementary Material

[Java Class Library API](#)

https://docs.oracle.com/javase/7/docs/api/

Remember the application programmer interface I mentioned in Chapter 2? This link will take you to it. The API contains a detailed description of all the classes and libraries in Java.

[Java Tutorial for Beginners #2: Constructors and Methods](#)

https://www.youtube.com/watch?v=MjqcJvRiooM

Here's a video that illustrates the difference between constructors and methods in Java.

[Java's Basic Data Types Tutorial](#)

http://www.tutorialspoint.com/java/java_basic_datatypes.htm

This page gives a good summary of Java's data types.
